

A punk rock vision quest told in the tradition of the anarchist travel story, *Off the Map* is narrated by two young women as they discard their maps, fears, and anything resembling a plan, and set off on the winds of the world. Wandering across Europe, the dozens of vignettes are the details of the whole—a squatted castle surrounded by tourists on the Spanish coast, a philosophizing businessman on the highways of France, a plaça full of los crustos in Barcelona, a diseased foot in a Belgian train squat, a glow bug on the dew-covered grass of anywhere—a magical, novel-like folktale for the end of the world.

146 pages long with a cover featuring original artwork by Nikki McClure, the book is available for \$2 + postage.
